

Invitation to seminar in Odense:

Robots in the health care sector

It is a pleasure to invite you to this seminar, which provides the latest information on Japanese robot industry in the service of health care.

The seminar is held by JETRO in co-operation with Embassy of Japan and CareNet.

The aim of the seminar is to prepare the ground for future co-operation between Danish and Japanese companies and institutions in the field of robot technology.

Learn more – and enjoy a free lunch with colleagues and experts.
